

Chips & Jelly

Stashbuster #13

Chips & Jelly

Introduction

Are you looking for a fun quilt? Are you wanting to use up your scraps? Do you have remnants of a project and you don't know what to do with them? In this Stashbuster, we are taking the potato chip block and supersizing it. And I have lots of tips and tricks for making it fast and easy. To watch the video for this pattern, click on the QR code.

Making the Block

THE CENTER

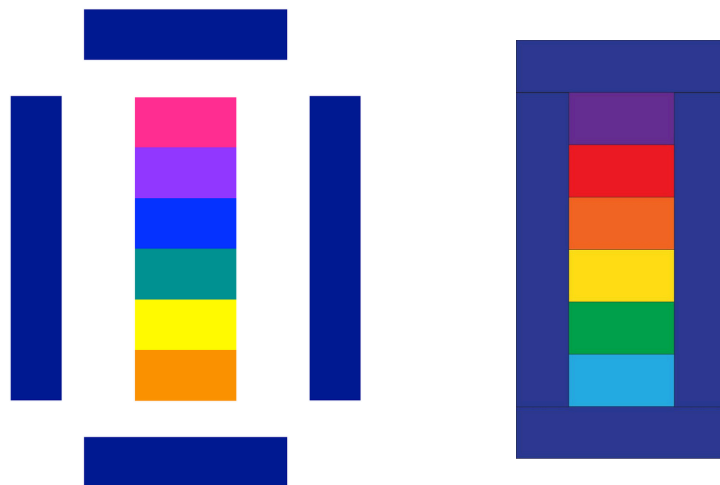

Cut 6 pieces 2 ½" by 4 ½". Sew chip blocks together, to make a vertical stack

THE JELLY

Fold in half one jelly roll strip or a 2 ½" by width of fabric strip. Trim the selvages, then cut two pieces at 12 ½" and two at 8 ½". Sew the 12 ½" pieces to the sides of the potato chip stack. Press to the outside. Then sew the 8 ½" pieces to the top and bottom. Press both seams up. Block should measure 8 ½" x 16 ½"

QUILT ASSEMBLY

There are many ways to lay out blocks. All vertical, all horizontal. Alternating pairs and so on. Play around until you see something you like.
